

Paradigm Trust Pedagogy Newsletter #18

Friday 8th February 2019

Dear colleagues,

Piper's Vale Primary Academy have been trialling the use of '[tracking not watching](#)', following the Teach Like a Champion training in December 2018. All teachers at PVPA have a clipboard and it has the lesson resources/exemplar on it. Teachers use the resources/exemplars as a tracking tool to monitor the children's learning and to give specific feedback.

Staff report that marking is more efficient, feedback is acted upon immediately in the moment, their workload has decreased and they have gained a greater understanding of where their class are and what the next steps need to be. It is impactful AFL.

Thanks to colleagues at I.A, we are also trialling whole class feedback forms in year 6. This has had a positive response from pupils, teachers and the retired HMI who conducted a review.

Kind regards,

Ashley

Example of a tracker sheet used in classrooms.
